

Pheasants Forever's unique system empowers the team's chapter with the responsibility to determine how 100% of their locally raised conservation funds will be spent. Through this funding, the chapter will be assisting the trap team in future funding by hosting a local banquet or event to build membership and funding to support the team. Pheasants Forever, and its sister division Quail Forever, are the only national conservation organizations that operate through this truly grassroots structure. As a result, chapter volunteers are able to see the fruits of their efforts locally, while belonging to a larger national organization with a voice on federal and state conservation policy.

No Child Left Indoors

Pheasant Forever and Quail Forever's NO CHILD LEFT INDOORS® Initiative is part of a national movement to reach a generation of young people fixated on electronics and get them outdoors. We want to reverse the trend of inactivity and obesity in today's youth and actively engage them in outdoor activities and learning about nature and conservation. We also want to foster tomorrow's leaders and conservation-minded citizens.

Pheasants Forever and Quail Forever network:
